## Jávea Players – Wait Until Dark

Dear Members

We would like to know how many members would be interested in attending the Jávea Players winter production of Wait Until Dark by Fredrick Knott and directed by Cherry Cabban.

## Jávea Players

**Wait Until Dark** is a highly entertaining and suspenseful thriller that originally starred Audrey Hepburn. A cool-as-ice psychopath smoothie talks his way into the home of an unsuspecting blind woman. Unbeknown to Susie, she's harbouring a dangerous prize, and he'll use every trick to get it. Spend an evening on the edge of your seat with the genre Hitchcock made classic. This psychological thriller probes which frightens us more - the evil you can see coming, or the one you can't. It is by the same author as "Dial M for Murder". They have an outstanding cast that will do justice to the play.

For this production, the Jávea Players have decided to support a worthy charitable cause. For every member of the audience they will donate 1 euro to charity. The money donated will be used to purchase sensory stimulation equipment for a 13 year old lad living in Jávea, who has minimal speech, hearing and sight.
